# Our Vision

## Indoor Crystal Amazed

Experience the cult TV classic on your team building day! Our table top version of the groundbreaking game show has all the quirky features that made the original a rip-roaring success.

The mission is to crack cryptic clues and conquer mental and physical challenges in our fantastically themed event. Teams must beat each challenge to win crystals.

Teams will need to use every skill at their disposal to power through the network of challenges.

Have your teams got what it takes to beat or will the maze have the last laugh?

In true explorer style your teams will need to complete a series of mini challenges to move on from one themed challenge to the next.

## Aztec Zone Marble Maze

Team members will need to maneuver marbles around a challenge box placed on a pivoting stand. Work together and navigate the course, the marbles must be pooled into one target area so their collective weight will release a crystal.

## Industrial Zone Circuit Chaos

Complete the circuit.  
Teams are tasked to solve a range of cryptic codes, and electrical circuits to release the crystal.

## Futuristic Zone Energy Cell

The space station is running low on power. Teams must work together to move the energy spheres into the battery. Once enough charge has been made the crystal will be awarded.

## Industrial Zone Power Surge

Buzz wires run from one side of the box to the other. Team members have to work together to retrieve the crystal from one side of the box and transport it to the other side for collection using the hooks provided. Carefully transport the crystal and try not to spark the treacherous buzz wires obstructing the length of the box.

## Medieval Zone Sword In The Stone

To complete this challenge the team must recreate a 3D sequence, by inserting them into a series of holes. Each team will split into 2 sub-groups. One sub-group will be able to see the original shape and must instruct the other half of their team.

## Interlinking Challenges

In true explorer style your teams will need to complete a series of mini challenges to move on from one themed zone to the next. Each interlinking challenge between the zones will also be in keeping with the zones and guests must navigate them in record time to not fall behind and lose points.
