Our Vision

Soap Box Derby

Formula 1 meets Wacky Races! Using only basic materials and tools, teams build their own roadsters from scratch and go bumper to bonnet in a series of nail-biting races. Which team will create the winning soapbox and spray the crowd with bubbly?

Each team will need to display mechanical knowledge, design skill, innovation, creativity and slick driving skills to win. After a briefing, guests will be split into teams and supplied with their own basic soapbox construction kit, materials and instruction pack, as well as decorative materials to pimp their rides.

Soap Box Derby

Each vehicle built must pass an MOT to compete in the races. After the MOTs it's time for the main event - the Soapbox Derby team trials! Your team will compete over four carefully designed disciplines. Each race requires a different skillset, so choose your nominated drivers wisely.

Teams will be judged on all sorts of criteria including a competition for the best dressed vehicle with bonus points for go-faster stripes and personalised plates.

You don't need to be an engineering genius or a mechanic. All soapboxes are human-powered. Think simple design and very basic engineering, along with creative flair.

The Soapbox Derby is a fun team building event designed to get teams working together on a common goal. It's all in the spirit of friendly competition.

There's more to Soapbox Derby than simply following instructions. Decisions must be made, quickly and wisely. Who will work on the construction on the vehicle? Which member of the team has the creative streak needed to customise the soapbox?
